FROM: Tom Schofield

SUBJECT: Updated D6417 Test Method

Please be advised that a revised D6417 test method (Estimation of Engine Oil Volatility by Capillary Gas Chromatography) is available for purchase from ASTM headquarters (www.astm.org). Effective immediately, the TMC will begin monitoring D6417-03 for future calibrations. The published version 03 contains a summary of changes from the previous version.

Please contact me if you have any questions.
