MEMORANDUM: 23-021  
DATE: June 2, 2023  
TO: D874 Surveillance Panel  
FROM: John Loop   
SUBJECT: D874 (Sulfated Ash) Technical Update – Updated Test Method

D874-23 revised version of ASTM Standard Test Method D874 (Sulfated Ash from Lubricating Oils and Additives) is available from ASTM (www.astm.org). Effective immediately, version D874-23 replaces D874-13a. Please remember to correctly report the new method-version (METHVER) in your data flat-file transmissions to the TMC. The correct field name-variable designation is: METHVER D874-23. Any D874 calibration test that was assigned after April 7, 2023 must be run (and reported as) using the D874-23 test method-version.
