A mistake was found with Top Groove Fill correction factor in the latest version of the 1K/1N data dictionary, Version 20150108. The mistake has been corrected and new version 20150210 is now available from the TMC Website. Due to time sensitive reporting this data dictionary will be effective on February 17th, 2015. If you have any questions or concerns contact me as soon as possible.

To facilitate test reporting without delay, this change has already been implemented by the TMC and the TMC is able to receive data transmissions for the new version.
