REPORT PACKET REVISION NOTICE: COAT- 20190701

VERSION: 20190701

EFFECTIVE DATE: August 1, 2019

DATE: July 8, 2019

TO: Caterpillar Surveillance Panel

FROM: Sean A. Moyer

A new version of the COAT report forms and data dictionary is now available from the TMC Website. This new version contains updates to the test report forms to allow reporting of flow density meter constants as well as various new test operational parameters. This version includes a change to the length of the aeration correction factor field that was discovered during beta testing. These changes will be effective August 1, 2019 to facilitate reporting of test results. If you have any concerns please contact me as soon as possible.
