

**Cummins Surveillance Panel Teleconference
February 24, 2023 3:00 – 4:00 EST**

Attendance:

Sean Moyer - TMC
Austin Brininger- Lubrizol
Joseph Hoehn, Amanda Stone - Afton
Jose Starling, Joe Moore, Bob Warden- SwRI
Andrew Smith - Intertek
Dan Lanctot - TEI
Phil Shelton, Wei Qin - Cummins
Elisa Santos, David Brass - Infineum
Steve Jetter – ExxonMobil
~~David Lee – Oronite~~

Agenda:

- 1) Cam shaft lobe taper data review and hardware batch introduction

The group discussed the cam lobe taper data sent out by Elisa Santos in detail.

Andrew Smith motioned that the surveillance panel directs the TMC to adjust calibration periods for coordinated reference tests with no net gain or loss of calibration periods. Bob Warden seconded. The motion passed unanimously.

David Brass brought up the timing impacts of extending reference periods on the PC12 timeline.

Meeting adjourned at 3:35 EST.
