MEMORANDUM: 11-052
DATE: November 11, 2011
TO: B02 Surveillance Panel Chairs
FROM: Jeff Clark
SUBJECT: B02 Semi Annual Report

The semiannual report format for all B02 test areas (diesel tests) has been changed; all B02 reference test activity is now summarized in a single combined report. The report is broken into relevant sections, and 'hotlinks' are embedded into the report for ease of viewing. The hotlinks will allow you to move from a test area summary to the corresponding control charts. The last chart for each test type has a 'return' link which will take you back to the main report. Please contact me if you have any questions regarding the format or content of the report.
