

CI-4 Elastomer Surveillance Panel

Actions from Oct. 11 Mtg.

- Recommend Changes to proposed limits
- Adopted statistical method for determining if a candidate oil is different than the ref.oil or limit
- Will bring procedure to standard within D02 not D11 - some rewording needed
- Defined a system for listing ref. Oil data on TMC website
- Preliminary ideas on BOI/VGRA - will request data for review to present to API BOI/VGRA TF
