REPORT PACKET REVISION NOTICE: T13-20151021

VERSION: 20151009

EFFECTIVE DATE: October 28, 2015

DATE: October 21, 2015

TO: Mack Surveillance Panel

FROM: Sean A. Moyer

A new version of the T13 data dictionary has been released with a change to the report forms as well as data dictionary. These changes update the length of the transformed test result data dictionary fields. Version 20151009 includes all changes that were found necessary during the beta testing period.

The new Version is 20151009 and is available from the TMC Website. Due to the urgent nature of these changes, the normal implementation time has been reduced and this version is effective October 28, 2015. Also, please note that in order to facilitate timely reporting of data the TMC database has already been updated to allow test data to be uploaded with the new data dictionary. If you have any questions or concerns please contact me.
