Re: Seq. III CPD Technical Memo 18
OHT3F-053-1 Grade 12 Piston (Batch Code 24) / Alphanumeric Serialization

Cc: Mr. Bruce Matthews / General Motors Powertrain
Mr. Rich Grundza/ Test Monitoring Center

This Technical Memo is intended to notify users of the Sequence III test methods that the serialization of OHT3F-053-1 Grade 12 Pistons designated as **Batch Code 24** may include the letter "A" after the numeric serial number historically seen (See image below). This is the result of duplicating a portion of the serial numbers in this batch at the time of manufacture. The entire serial number, including the "A" if present, should be recorded. All inspection documentation is intact.

If there are any questions or comments regarding the aforementioned item please do not hesitate to call.
