Mr. Rich Grundza/ Test Monitoring Center

This Technical Memo is intended to notify users of the Sequence III test methods that we have just confirmed that samples of the Batch Code 16 Expanders for the Seq. IIIIG are out of specification, with regards tension.

Please do not use this material for any testing purposes. Please quantify and return all Batch Code 16, Seq. IIIIG, Expanders to OH Technologies, Inc. at your earliest convenience. Thank you.

OH Technologies, Inc. is currently in the process of having the vendor conduct and inspection on Batch Code 17 material. We will have further information with regards to delivery based on the results of the Batch Code 17 inspection on Monday, November 19, 2012.

In the meantime, OHT will be quantifying what inventory remains of the Batch Code 15 expanders and will work with the laboratories individually based on your needs.

If there are any questions or comments regarding the aforementioned item please do not hesitate to call.
