Re: CPD Technical Memo 26
OHT3F-055-1 PISTON, GRADE 56

Cc: Mr. Rich Grundza/ Test Monitoring Center

This Technical Memo is intended to notify users of the ASTM Seq. III Testing Methods of a delay in the manufacture of the next batch of pistons. The pistons were ordered by OHT in February 2014. We have been working closely with the manufacturer throughout this process. This delay has caused the depletion of OHT3F-055-1 Grade 56 Piston inventory.

OHT currently has inventory of the following part numbers:

OHT3F-053-4	PISTON, GRADE 12
OHT3F-054-1	PISTON, GRADE 34

OHT will update the Seq. III Surveillance Panel with regards to expected delivery dates, once this information is confirmed.

If there are any questions or comments regarding the aforementioned item please do not hesitate to contact me.
