REPORT PACKET REVISION NOTICE: IIIHB-20161006

VERSION: 20161006

EFFECTIVE DATE: 20161014

DATE: October 6, 2016

TO: Sequence III Surveillance Panel

FROM: Richard E. Grundza

Recently, an error was noted in the IIIHB test in that detergent metal information was omitted. Version 20161006 addresses this oversight and is available from the TMC Website. Because of the need to provide these missing data for IIIHB tests, these forms and data dictionary are effective October 14, 2016, which is considerably shorter than normal implementation time frame.
