(DATE)

Sequence IIF Information Letter 00-1
Sequence No. 1

September 8, 2000

ASTM consensus has not been obtained on this information letter. An appropriate ASTM ballot will be issued in order to achieve such consensus.

TO: Sequence IIF Surveillance Panel

SUBJECT: Draft Sequence IIF Test Procedure

This Information Letter implements action items approved by the Sequence IIF Surveillance Panel. This Information Letter addresses specific parts and procedures pertaining to quality, consistency, performance, and accountability of test parts as part of the ongoing effort by the panel to ensure continual process improvement of the Sequence IIF test.

Draft Sequence IIF Test Procedure

Attached is Draft 3 of the Sequence IIF test procedure, which was recently approved by the Sequence IIF Surveillance Panel. It incorporates the changes made to the test procedure as a result of the GPS redevelopment effort and reflects the configuration used in the prove-out matrix run to validate those changes.
