Sequence IIIH Information Letter 22-1
Sequence Number 20
Corrected July 5, 2022

TO: Sequence III Surveillance Panel

SUBJECT: Replacement of ShellZone with Products Meeting the DEX-COOL Specification

Recently, it was brought to the attention of the Sequence III Surveillance Panel that one of the specifications listed in revised footnote 22, **GM6277M** is no longer valid. This information letter's text has been revised to remove the older specification. This change is effective with the re-issue of this information letter.
