REPORT PACKET REVISION NOTICE: LSPI-20170412

VERSION: 20170412

EFFECTIVE DATE: April 21, 2017

DATE: April 12, 2017

TO: LSPI Task Force

FROM: Richard E. Grundza

Recently, an error was noted in Report Packet Version 20170405. Specifically the field AVGPREFC was duplicated in the data dictionary. In order to correct this error, a new report packet has been generated. Version 20170412, which addresses this change, is available from the TMC Website and is effective April 21, 2017. This shortened implementation date was requested by the LSPI Task Force to have the forms and data dictionary in place when registered testing is expected to begin.
