REPORT PACKET REVISION NOTICE: IXAGED-20230905

VERSION: 20230905

EFFECTIVE DATE: 20231010

DATE: September 25, 2023

TO: Used Oil Aging for LSPI Task Force

FROM: Richard E. Grundza

Recently, the Sequence IX Surveillance Panel agreed to designate the Used Oil LSPI test as the Sequence IX Aged Oil, or IXAGED. A new set of report forms and data dictionary, designated as IXAGED, has been created and can be accessed from the TMC website. These forms and data dictionary are effective October 10, 2023. This somewhat expedited date is necessary to allow ACC registration of these tests which are currently under way or have been completed.
