REPORT PACKET REVISION NOTICE: IXAGED-20241029

VERSION: 20241029

EFFECTIVE DATE: 20241202

DATE: November 14, 2024

TO: Sequence IX Surveillance Panel

FROM: Richard E. Grundza

Recently, it was noted that there were not sufficient fields to allow for all the individual pre-ignition events incurred during a test. Version 20241029 added additional pages for reporting of these fields. Given the need to report a number of these tests, a shortened period has been requested, and these form changes will become effective December 2 2024.
