REPORT PACKET REVISION NOTICE: UOLSPI-20230510
VERSION: 20230510
EFFECTIVE DATE: 20230613
DATE: May 26, 2023
TO: Used Oil Aging for LSPI Task Force
FROM: Richard E. Grundza

Recently, the Aged Oil LSPI Task Force agreed to add a separate form for reporting of downtime for the LSPI portion of the test and to provide separate fields for reporting of the LSPI lab oil code. These forms and data dictionary are effective June 9, 2023. This somewhat expedited date is necessary to allow reporting of calibration tests which are currently under way.
