REPORT PACKET REVISION NOTICE: VH-20170824

VERSION: 20170824

EFFECTIVE DATE: September 5, 2017

DATE: August 24, 2017

TO: Sequence V Surveillance Panel

FROM: Richard E. Grundza

Recently, an error was noted in Report Packet Version 20170823. Specifically the field TRACSSA was duplicated in the data dictionary. In order to correct this error, a new report packet has been generated. Version 20170824, which addresses this change, is available from the TMC Website and is effective September 5, 2017. This shortened implementation date was requested by the Surveillance Panel to have the forms and data dictionary in place when registered testing is expected to begin.
