REPORT PACKET REVISION NOTICE: VIE-20170221

VERSION: 20170221

EFFECTIVE DATE: 20170315

DATE: February 21, 2017

TO: Sequence VI Surveillance Panel

FROM: Richard E. Grundza

Several discrepancies were noted with results supplied in recent fuel supplier certificates of analysis and field definitions in the current version of the VIE report package. During beta testing of forms and data dictionary to address these discrepancies, additional character and field length discrepancies were also noted. All these items were corrected and these changes are captured in version 20170221, which will become effective March 15, 2017.
