Sequence VIF Information Letter 20-4
Sequence Number 11
December 1, 2020

TO: Sequence VI Surveillance Panel
SUBJECT: Removal of Fuel Specification from Test Method

During the November 12, 2020 Sequence VI Surveillance Panel Conference call, the panel agreed to an updated fuel specification. The panel further agreed that this specification will no longer appear in the Test Method, but would be posted on the TMC website. Section 7.2 has been revised to remove reference to Table 1.

Attached is the revised equation of Test Method D8226. This change is effective with the issuance of this letter.

Aleise Gauier
Materials Engineer – Fluids & Lubricants
GM Global Propulsion Systems
