HTCT Information Letter 18-1
Sequence Number 22
October 10, 2018

ASTM consensus has not been obtained on this information letter. An appropriate ASTM ballot will be issued in order to achieve such consensus.

TO: HTCT Surveillance Panel
SUBJECT: New Stand and Lab Definitions

The HTCT surveillance panel voted to approve an addition to section 10.3 of the test procedure during a September 27, 2018 conference call. The addition includes the definition of a new test lab and a new test stand in relation to this test method.

The text of the revisions is shown in the attachment. The changes are effective immediately.

Mary Stevens
Chairman
HTCT Surveillance Panel

(Revises Test Method D 5579-16)

Add new sections 10.3.1 and 10.3.2 as follows:

10.3.1 New Lab Definition - a new lab is any lab that has never previously calibrated a test stand under this test method.

10.3.2 New Stand Definition - a new stand is a test cell and support hardware which has never previously been calibrated under this test method.
