MEMORANDUM: 20-032
DATE: July 2, 2020
TO: L-33-1 Surveillance Panel
FROM: Dylan Beck *Dylan Beck*
SUBJECT: L-33-1 Targets Corrected to Info Letter 20-02 Correction Factor

During a surveillance panel conference call of July 1, 2020 the panel agreed to approve corrected reference oil targets. The corrected targets are adjusted for the correction factor applied with Information Letter 20-02. The target dataset did not previously include a correction factor adjustment because the previously used 0.6 overall correction factor only applied to candidate test and not reference tests. The effective date of the correct targets is January 2nd, 2020 which is also the effective date of the correction factor.
