# AAM Hardware Update

**Intertek**

Valued Quality. Delivered.

- All POs received by American Axle
- Hardware expected to begin arriving at the labs mid-May, 2015
- Initial thoughts for Matrix testing:
  - 2 tests per reference oil per lab
  - Same oven, back to back?
  - Oven does not need to currently be reference, but need current instrument calibrations
  - Total of 12 tests
  - Is this enough?

## New/Open Issues

Valued Quality. Delivered.

Anything new to add?
