MEMORANDUM: 19-040
DATE: September 16, 2019
TO: L-37-1 Surveillance Panel
FROM: Dylan Beck *Dylan Beck*
SUBJECT: L-37-1 Gleason 2014 Lubrited Hardware Approval

During an September 11th, 2019 Surveillance Panel meeting the panel members agreed to approve the 2014 Gleason Lubrited hardware targets. Since the approved range of 134 targets includes some test results that are more mild than expected, the panel decided to require that all 134 tests must fail the J spec requirements for at least one of the four critical parameters in order to be a valid reference test. The effective date of this change is October 1st, 2019. Please use "04-2014" as the batch identifier when reporting tests run on Gleason 2014 hardware.
