MEMORANDUM: 20-026
DATE: May 19, 2020
TO: L-42 Surveillance Panel
FROM: Dylan Beck *Dylan Beck*
SUBJECT: Approval of TMC 119 reference oil use.

During a May 13, 2020 surveillance panel meeting TMC reference oil 119 was approved for use as a discrimination oil for the L-42 test. Since this is a discrimination oil no targets are associated with the oil. The LTMS document will be updated to reflect its approval. 119 oil is meant to be a replacement for TMC 113 reference oil. The surveillance panel agreed that the remaining 113 oil at the labs will first be exhausted before 119 assignments will be made. The reference oil is scheduled to go into effect on May 27th, 2020.
