MEMORANDUM: 24-032  
DATE: November 19, 2024  
TO: L-42 Surveillance Panel  
FROM: Wes Venhoff  
SUBJECT: Approval of TMC 119-1 reference oil

On November 13, 2024, during the L-42 test surveillance panel meeting, TMC reference oil 119-1 was approved for use as a discrimination oil. Since this is a discrimination oil, no targets are associated with the oil. TMC 119-1 is a re-blend of TMC 119. The surveillance panel agreed that the remaining 119 oil inventory at the labs and TMC should be held and not discarded. TMC 119-1 will be used for future discrimination oil assignments.
