L42-1 updates

Discussion about test length calculation

Parc: Currently time is counted from start of conditioning 1 to end of shock 2, not including inspections. Will change to automate process from start of Conditioning 1 to end of Shock 2

Lubrizol: Will automate process from start of Conditioning 1 to end of Shock 2

SWRI: Will automate process from start of Conditioning 1 to end of Shock 2

Afton: Will automate process from start of Conditioning 1 to end of Shock 2

AI(Cory) Send Don Lind Verbage on test time calculation to be placed in Draft.
