**Subject:** [EXTERNAL] OSCT Meeting Minutes 8/9/2023

I attached the OSCT (ASTM D5662) minutes from the 8/9/2023 Surveillance Panel meeting for your review.

Action items:

- Dylan: Please post minutes to TMC website.
- Clayton:
  - If you have not already done so, please send out PA369 to both labs for qualification testing.
  - When FL orders are received, please be sure to distribute FL410 first.
  - Within the next 2 months, please order NI355.
- Test labs: Please run 240, 500 & 1000 hour tests on the same lot of PA & FL with TMC 155 using the Lz Instron method and report results to TMC.
- Don: Issue an Outlook email to S. Moyer to issue an OSCT info letter and to N. Ariemma to initiate the process to add the Instron method to the D5662 appendix.

Thank you for your participation, Don
